

PLAY

Use the clothespins to sort the pom poms onto each colored plate. Once your child masters the concept, add the challenge of speed. Next, take a trip around the house. What other items can you sort into each color group?

TALK

Talk about colors throughout the day or when you read with your child. Match colors from books to the clothing your child is wearing. Ex. "Look, her shoes are blue, just like your shirt."

WRITE

Pinching open the clothespins to grasp pom poms strengthens hand muscles and develops fine motor skills needed when your child learns to write!
